

## A Message from the Board President

"We help people with charitable hearts give of their resources for others."

The Catholic Community Foundation of Mid-Michigan is an excellent vehicle for furthering God's work in our communities. We help people with charitable hearts give of their resources for others. Investments are responsibly guided by the teachings of Jesus Christ and funds are respectfully distributed in accordance with donor wishes.

In short, the Foundation excels at helping people help people.

We celebrate those responding to the call of Christ to sacrificially share their resources with all of God's children. If you would like to learn more about how you can help care for others through the Catholic Community Foundation, please [contact us](#). We would love to hear your story!

Jerome Blaxton  
Board President
