Saginaw, Michigan

We have audited the accompanying financial statements of Catholic Community Foundation of Mid-Michigan which comprise the statement of financial position as of December 31, 2017, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Catholic Community Foundation of Mid-Michigan as of December 31, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of endowed funds is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Notes to the Financial Statements
December 31, 2017
(With Summarized Comparative Information for 2016)

Note 1 - Summary of Significant Accounting Policies

Nature of Activities

The Catholic Community Foundation of Mid-Michigan (the "Foundation") is a non-profit organization whose mission is to develop and manage funds to secure and further God's work in Mid-Michigan communities. The Foundation is guided by Gospel values and the teachings of the Catholic Church.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Financial Statement Presentation

Net assets of the Foundation and changes therein, are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that will be met either by actions of the Foundation and/or the passage of time.

Permanently restricted net assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of these assets permit the Foundation to use all or part of the income earned on related investments for general or specific purposes.

Revenues without donor-imposed restrictions and revenues with donor-imposed time or purpose restrictions that are met in the same period as the gift are both reported as unrestricted support. Other restricted gifts are reported as restricted support and temporarily or permanently restricted net assets. Expenses are reported as

decreases in unrestricted net assets. Gains and losses on assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

Comparative Financial Information

The financial information for the year December 31, 2016 is presented for comparative purposes is not intended to be a complete financial statement presentation.

Cash

As of December 31, 2017 \$456,790 of cash was in excess of the amount insured by the FDIC.

Promises to Give

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional.

The Foundation initially records unconditional promises to give at fair value using the income approach and subsequently amortizes them using the original discount rate.

Investments

Investments are stated at fair value based on quoted prices in active markets. Realized gains and losses on sales of investments represent the difference between the net sales price and the cost of securities sold. Unrealized gains and losses on investments represent the net change for the reported year in unrealized appreciation between the balance at the beginning and the end of the year. Donated investments are reflected as contributions at their fair values at date of receipt.

Catholic Community Foundation of Mid-Michigan
Notes to the Financial Statements
December 31, 2017
(With Summarized Comparative Information for 2016)

Annuity Obligations

Charitable gift annuities are recognized in the period the contract is executed. Assets are recorded at fair value and an annuity obligation is recorded at the fair value of the life expected future cash flows.

Functional Expenses

The allocation of expenses to the functional programs and management and general categories is based on actual.

Income Tax Status

The Foundation is qualified as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code, and is classified as an organization other than a private foundation, as described in Section 509(a). The Foundation files information returns in the U.S. Federal and Michigan jurisdiction.

Risks and Uncertainties

The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the balance sheet.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Variance Power

Federal regulations require that the governing body of a community foundation "must have the power...to modify any restriction or condition on the distribution of funds for any specified charitable purposes or to specified organization if in the sole judgment of the governing body...such restriction or condition becomes, in effect, unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community or area served."

Subsequent Events

Management has evaluated subsequent events through May 15, 2018, which is the date the financial statements were available to be issued.

Note 2 - Promises to Give

Promises to give are scheduled to be collected as follows:

	2017	2016
Less than one year	\$ 224,499	\$ 159,848

Note 6 - Donor Restricted and Board Designated Endowments

The Foundation's endowment consists entirely of donor-restricted endowment funds and is classified based on those donor-imposed restrictions.

Catholic Community Foundation of Mid-Michigan
Notes to the Financial Statements
December 31, 2017
(With Summarized Comparative Information for 2016)

Interpretation of Relevant Law

The board of directors of the Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as unrestricted net assets unless otherwise specified by the donor. In accordance with UPMIFA, the foundation exercises the standard of ordinary business care and prudence when determining the amount of earnings and gains to appropriate for expenditure or to accumulate within the endowment fund. The Foundation considers the following factors in exercising this standard of care: (1) The long-term and short-term needs of the foundation in carrying out its charitable purpose; (2) The present and anticipated financial requirements of the foundation; (3) The expected total return on investments (4) Price level trends; and (5) General economic conditions.

Return Objectives and Risk Parameters

The Foundation has adopted a policy to ensure a total return (yield plus capital appreciation) necessary to preserve and enhance (in real dollar terms) the principal of the funds, and at the same time, provide a dependable source of support for current projects of the Foundation.

Strategies Employed for Achieving Objectives

The Foundation's investments are diversified to minimize the risk of large losses and investment in securities that conflict with the official moral and social teachings of the Roman Catholic Church are prohibited. The return objectives of the investments are to meet or exceed cumulative annual total return over a five-year moving average of a balanced market index comprised of 55% S&P 1500, 10% MSCI EAFE, and 35% Lehman Brothers Intermediate Government Credit Bond Index. The Foundation allocates 60% of its funds to equity investments, 30% of its funds to fixed investments, and 10% to other investment vehicles.

Spending Policy and How the Investment Objectives Relate to Spending Policy

When it is possible to do so without invading investment principal, disbursements are on a semi-annual basis at the discretion of the Board of Trustees. The Foundation's policy is to make the semi-annual disbursements based on the most recent twelve quarters fair market value rolling average asset values.

Note 7 - Fair Value Measurements

The following tables represent information about the Foundation's assets and liabilities measured at fair value on a recurring basis at December 31, 2017 and 2016, and the valuation techniques used by the Foundation to determine those fair values.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Foundation has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in the entirety are categorized based on the lowest level input that is significant to the valuation. The Foundation's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.
